## Effort To End War Snags On Dividing Line

Communists Want Line Four Degrees Below West's Offer

GENEVA, July 16 (AP)—East-West negotiators met for three hours today in hard bargaining for an Indochina armistice but made no progress.

French Premier Pierre Mendes-France, Soviet Foreign Minister V. M. Molotov and British Foreign Secretary Anthony Eden conferred in private in the showdown stage in an effort to reach an agreement on a division of Viet Nam.

The delegates were working against a Tuesday deadline when, Mendes-France has declared, he will resign if he has not achieved a cease-fire.

"The going was hard and there was no progress," an informed source said.

Documents putting down in black and white French proposals, which were reported to divide Viet Nam at the 18th Parallel between the French-supported Vietnamese and the Red-supported Vietnamese, were shown to Molotov.

But the Communists were reported holding out for the 14th parallel.

The French-drawn partition line would give the Vietnamese three-fifths of Viet Nam, including the rich Red River Delta.

The French were reported contending, however, for continued control of the delta port of Haiphong, if not Hanoi as well.

The Communist line would push the French out of virtually all but the province of Cochinchina, around Saigon, in the south.

After the three-hour meeting it was announced that no regular session of the conference would be held tomorrow, though Eastern and Western delegations will continue to consult among themselves.

## La. Jaycee Board Will Meet Here Today At 10 A.M.

Approximately 75 out of town members of the Junior Chamber of Commerce are expected in Monroe today and Sunday for a State board of directors meeting. Registration for the event will begin at 10 a.m. today and continue until noon, Tom Hyland, convention chairman, has announced.

Following the noon luncheon, stated to be held in the ball room of the Virginia hotel, the business meeting will begin at 1:30 p.m. Adjournment time has been set for 4:30 p.m.

Beginning at 6 p.m. all members and their wives or dates will leave the Monroe boat dock, across the levee from Forsythe park, for a boat ride up the Ouachita river.

Sunday's activities will begin with breakfast in the hotel ball room, after which the business session will be reconvened.

Members of the Monroe-West Junior Chamber of Commerce will be hosts to the visiting Jaycees and their wives.

## Attorney General Caused Accident Dozing At Wheel

WAYNESBORO, Miss., July 16 (AP)—Alabama Atty. Gen. St. Garrett said tonight the accident which almost took his life occurred when he dozed at the wheel of his car.

Garrett said also he "never had any intention" of interfering in the Phenix City investigation in the Albert L. Patterson slaying.

Garrett was brought to the Wayne General Hospital here last night after his car slammed off highways 84 west on the edge of town, careened down a 20-foot embankment, snapped a telephone pole and finally stopped in the edge of some woods.

His broken neck is encased in a combination of wood, plaster of paris and canvas. His face is sheathed in foam rubber.

Garrett's left arm, with a compound elbow fracture, is stretched out at right angle to his body. He may never have full use of the arm again.

Hospital attendants said he had a restless night last night and was complaining loudly today when Dr. R. H. Shell ordered him moved to a different and harder bed.

## British Dealers In Real Estate Shared In Profits On FHA-Insured Loans

WASHINGTON, July 16 (AP)—British real estate interests pyramided a \$6,000 investment in a New York City apartment project into a \$672,000 profit with the aid of U. S. government - insured mortgages, Senate housing scandal investigators were told Friday.

But Joseph L. Maged, balding, gray-haired New York attorney for the Britons, said there was nothing wrong with the operation.

He said indignantly that his clients have just about quit building in this country because "they don't fancy anyone calling them crooks and thieves."

The British group was shown to have invested \$6,000 in Alley Park Homes, a luxury apartment development at Bayside, Long Island. They obtained an FHA guaranteed mortgage for \$6,196,000 on the two buildings involved but built them for \$5,874,836.

Maged agreed the builders "distributed" the remainder about \$322,000 — among themselves.

They still had to repay the full loans, but they paid taxes on the excess amount at so-called "capital gains" or "windfall" rates, far below income tax rates.

The Britons later sold the project for another \$350,000 profit.

Meanwhile, Bertram F. Bonner, an American builder who lives in New York and Florida, testified it was the "custom" for builders to make small gifts to Federal Housing Administration officials.

Bonner, who said he took "windfall" profits on five of his seven FHA-guaranteed apartment loans, explained that his gifts were "nothing substantial" — mostly liquor and cigars at Christmas with a value closer to \$50 than to \$10.

But the witness insisted no FHA employee ever asked him for anything, and said he never gave anything "improper."

In other testimony a former Washington dentist, Dr. Daniel Gevinson, disclosed how he parlayed \$38,000 into nearly \$2 million with FHA help when he switched from dental to rental activities in 1947.

Gevinson, worth close to \$2 million and admitting a gross income of \$100,000 last year, now lives in Miami Beach, Fla. He said he obtained FHA - insured mortgages totaling \$13,374,400 to build six projects — Hilltop House and Washington Circle apartments here, Dorchester House in Dallas, Tex., Westchester House in Fort Worth, Tex., the Flamingo apartments in Philadelphia and the Skyline apartments in Syracuse, N.Y.

**Ike Feels Texas Owns Shelf Oil**

WASHINGTON, July 16 (AP)—The White House confirmed today that President Eisenhower still believed Texas is entitled to offshore lands reaching three leagues, rather than three miles, into the Gulf of Mexico.

The President's press secretary, James C. Hagerty, said in answer to an inquiry that the President had authorized Sen. Daniel (D-Tex.) to make his position known yesterday.

**TRUCK MISHAP FATAL COUSHIATTA**—UP—Ernest Fowler, 16, Negro of Campti, died yesterday when the truck in which he was riding swerved, threw him from the bed, and then ran over him. Five other youths were thrown from the truck and seriously injured.

## 2 Air Force Men Held For Taking Bribes

Reportedly Sold Duty Assignments And Furloughs

SAN ANTONIO, July 16—UP—The Air Force ordered two men held Friday for a possible court-martial on charges of selling furloughs, overseas orders and overseas orders cancellations.

Reliable sources said they are suspected not only of peddling furloughs and getting overseas shipping orders canceled for a price, but also of getting men sent overseas at the instigation of their enemies.

The civilian attorney for the two men said the racket may be widespread. The men are a sergeant and an airman first class whose names were not disclosed immediately. They were charged under article 134 of the uniform code of military justice.

That article is a "catch-all" charge that concerns conduct prejudicial to good order. But their attorney, Joel Westbrook, said Army officers are "clearly aiming at charges of soliciting and accepting bribes."

The men operated at huge Randolph Air Force Base. It is the headquarters of the Crew-Training Air Force and has jurisdiction over eight other Air Force training bases.

"The testimony so far indicates a similar situation exists in other units due to looseness or procedure, favoritism and/or monetary compensation," Westbrook said.

He said the Office of Special Investigation has taken testimony from at least 10 witnesses, including a captain. In an investigation to determine whether the men should be court-martialed, he said, some of the witnesses told different stories than they originally told the OSI.

After a suspected crime is uncovered in a military unit, a pre-trial investigation is started to determine whether there is enough evidence to support the charges at a court-martial.

This phase was started "several weeks ago" in the case against the two airmen. It was discontinued because witnesses were not available but will be resumed Monday under Lt. Frank Sebree.

**Officers Report Girl Admits Part In Child-Torture**

COLUMBIA, Miss., July 16 (AP)—Officers today missed a 16-year-old girl as saying she held a four-year-old boy while her mother burned him with matches.

Dist. Atty. Vernon Broome said the girl, Mrs. Charlene Lindsey, and her mother, Mrs. Gettie Lee Cook, were charged with mayhem in connection with the incident.

Mrs. Lindsey was released under \$1,000 bond while Mrs. Cook is in the Marion County Jail.

Broome said Mrs. Lindsey admitted, during questioning yesterday, that she held Connie Thomas while Mrs. Cook torched burning matches against the child's palms.

Connie's mother, Mrs. Tera Stevens, left the child at the Cook home about three months ago. Mrs. Cook, Connie's aunt, lives on Route 6, Columbia. She is the sister of Mrs. Stevens' husband, but is no blood relation of Connie since he was born of a previous marriage.

Hospital attendants in Hattiesburg said the child is "doing fine" and probably will be released from the hospital in two or three days.

Connie's mother said she visited Mrs. Cook late Tuesday and found the boy burned and bruised. Officers said they haven't learned the exact date of the incident.

Mrs. Cook denied mistreating the boy and showed no emotion under questioning, Broome said.

**Mrs. Swanson, 88, Dies In Quitman**

QUITMAN, La., July 16 — Mrs. Margaret Fisher Swanson, mother of the superintendent of Louisiana Training Institute, died early today at her home in Quitman. She was 88.

Death came after an illness of one month.

Funeral services will be conducted at the Quitman Methodist Church at 4 p.m. Saturday with Rev. T. A. Harvey, of Monroe, officiating. Burial will follow under direction of Darby Funeral Home of Ruston.

Survivors include five sons, A. L. Swanson, of L.T.I., B. F. Swanson, of Logansport, J. B. Swanson, and A. E. Swanson, both of Baton Rouge, J. Roy Swanson of Ruston; two daughters, Mrs. H. G. Koonce, of Quitman and Mrs. C. B. Smitherman, of Shreveport; 15 grandchildren and 19 great grandchildren.

A native of Longview, Tex., she was a resident of Louisiana for the past 53 years. She was the widow of J. H. Swanson, a lumberman. She was a member of the Quitman Methodist Church.

Pallbearers will be eight grandsons, Earl Koonce, Swanson Smitherman, Harold Smitherman, Charles Smitherman, Dennis Head, Roy Swanson, Jr., J. B. Swanson, Jr. and W. E. Swanson.

# 10 Workers Dead In Maryland Explosion

## Penal Colony For Ouachita Sought

The Ouachita Parish Police Jury last night extended the state an invitation to establish a penal colony in Ouachita parish.

The institution, which would mean an estimated \$250,000 annual payroll, has been rejected by persons in the Ruston area where the state had earlier planned to build the institution.

Juror L. B. Pettit, who made the motion to welcome construction in Ouachita parish, said that in his opinion the institution would not be objectionable and pointed to the income the community would receive.

Pettit said further that in view of the fact that Louisiana Training Institute is already located here he thought it appropriate that the penal farm be in the Monroe area.

The proposed institution will be designed for first offenders and will be fenced. It will be primarily a farm for first offenders and cases more severe than L.T.I. handles.

Pettit said that Robert Buttz, of the Ouachita Parish Industrial Development Committee, had asked an endorsement from the police jury and that a O.P.I.D.C. group will confer with department institution authorities Wednesday in Baton Rouge.

Buttz said an endorsement from the police jury would lend support to efforts to secure the penal institution for Ouachita parish.

Sheriff Bailey Grant spoke in favor of the proposal.

Two members of the jury, Roberts and Avant, opposed and voted against the resolution. Studdard declined to vote.

Though the police jury session last night lacked some of the stormy aspects of previous sessions, it was filled with a tirade of petty argument and debate.

President A. E. Montgomery repeatedly pounded his gavel to restore order. On some occasions he was unable to quell the stormy roar of loud, incoherent blabbing.

Chief topic of chatter was a debate on the manner in which to allocate a \$30,000 blacktopping fund (Continued on Second Page)

**Faulk Attacks Sen. Ellender's 18-Year Record**

W. Gilbert Faulk, candidate for the U. S. Senate post now held by Allen J. Ellender, last night declared that he considers the race to be "between only the incumbent senator and myself," and levelled a televised attack upon the 18-year senatorial record of Ellender.

"My opponent has told you that he has been in his senate seat for 18 years, and that there is no issue in this race," said Faulk. "But I tell you that those 18 years are the real issue. Where was Senator Ellender during those 18 years, and what did he do for you?"

Faulk, who is completing his northeastern Louisiana campaign trek this week, delivered his address via a Monroe television station.

Speaking of the completed tour, the candidate remarked that he received "cordial receptions in every town." He said that, even in those cities where he had little hope for support, "I was met by total strangers who said they knew me and knew what I stood for, and that they were for me in this race."

Dwelling again on campaign issues, Faulk pledged that "if elected your senator" he would:

Advocate income tax exemptions for all medical expenses;

Firmly oppose the entry of Red China in the U. N.;

Stand up for America in all things.

On the latter point, Faulk cited the recent episode involving the release of seven U. S. servicemen from the Czechs after 12 days of confinement. Said the candidate:

"What did our government do when these boys were taken prisoner? Our government sent a note 'Please send our boys home.'"

Faulk said if he had been in the Senate, he would have pushed for the immediate dispatching of U. S. power to Europe, then sending a note reading "Send our boys back safe and sound within three hours."

"That's what I mean by standing up for America."

**Smokers Advised To Stop Reading**

LONDON, July 16 (UP)—Health minister Iain MacLeod had a remedy Friday for persons alarmed by reading about the effects of smoking.

He turned down a request in the House of Commons for a government report on smoking and health, saying that dozens of such reports already were being published.

"I recommend to him," he added to the questioner, "if he is a heavy smoker and concerned about the connection between cancer of the lung and smoking, to give up reading."

## House Committee Uses Economy Ax, Cuts Funds

WASHINGTON, July 16 (UP)—The House Appropriations committee, wielding its heaviest economy axe of the session, chopped almost 40 per cent Friday from President Eisenhower's request for some \$2 billion in supplemental appropriations.

The committee voted only \$1,194,188,079 for the score of federal agencies affected, a cut of \$765,770,188. Civil defense and military construction funds were cut almost in half.

The lawmakers completely eliminated \$35 million requested by the President to launch his new federal aid program for expanded hospital facilities for the aged, chronically ill and physically disabled. They said the program is not yet ready to go.

Also cut out entirely was \$2,025,000 for three educational programs—the president's proposed White House conference to study the nation's school needs, a cooperative educational research program and the national advisory committee on education.

The committee also clipped \$55,315 from the \$553,150 requested by the Hoover Commission on Government Reorganization which is studying ways to cut down government spending. It instructed the Hoover group to practice a little economy itself.

A \$1 million request to improve the facilities of federal court judges was slashed to \$1.8 million with this acid observation:

"Justice will be dispensed... as well from a chair costing the government \$100 as from one costing \$174, as well from behind a \$200 desk as one for \$341. A waste of \$149 for three educational programs—(Continued on Second Page)

More than 1,000 of the 3,200 inhabitants, many believing they were under enemy air attack, fled from their homes, jamming streets and bridges leading out of town.

Authorities late Friday said the death toll stood at 10. At emergency disaster headquarters Friday night, 228 employees of the Kent Manufacturing Co. had reported in safe.

Of the 10 bodies recovered from the flame-engulfed plant area, the first four identified were Nelson Lord, 20, Rock Hall, Md.; and Mrs. Mary E. Fallowell, 55; Nellie E. Starr, 4, and Mrs. Tina May Taylor, 41, all of Chestertown.

Identification was difficult because most of the bodies were burned and mutilated by the searing blasts.

**Flanders Drops Attempt To Strip M'Carthy's Power**

WASHINGTON, July 16 (AP)—Sen. Flanders (R-Vt.) announced tonight he will abandon his attempt to oust Sen. McCarthy from his committee chairmanships and seek instead to have the Wisconsin Republican formally censured for conduct which "tends to bring the Senate into disrepute."

Meanwhile McCarthy yielded to pressure from the Senate's Republican leadership and canceled plans to open an investigation of alleged Communist infiltration of defense plants in Boston tomorrow.

Flanders issued a statement saying he would introduce his censure motion in the Senate next Tuesday and that it will "permit a clearcut vote on McCarthyism." The text of the resolution:

"Resolved, that the conduct of the senator from Wisconsin, Mr. McCarthy, as chairman of the Senate Permanent Subcommittee on Investigations, is unbecoming a member of the United States Senate, is contrary to senatorial traditions, and tends to bring the Senate into disrepute, and such conduct is hereby condemned."

A test on the ouster resolution had been scheduled for Tuesday, when the 73-year-old Vermont senator planned to get it discredited from the Senate Rules Committee, where it has resided since June 15. The Senate Republican Policy Committee has turned it thumbs down on this move, however.

Flanders said he has asked Sen. Knowland of California, the majority leader, what he thought about an alternate censure motion but that Knowland hasn't told him yet.

In his statement, Flanders said he decided on the switch in tactics to avoid "confusion over the issue" at stake, because some senators disliked his idea of stripping a senator of chairmanships obtained through seniority.

"When I introduced my resolution concerning the junior senator from Wisconsin, my purpose was to give the Senate the opportunity to repudiate the conduct of Mr. McCarthy who has brought dishonor and disrepute upon the Senate of the United States," he said.

"However, several very distinguished members of the Senate have pointed out to me that while they abhor the conduct of McCarthy, they felt that my resolution affected one of the basic traditions of the Senate — the method by which chairman of committees were designated."

The mercury climbed to a summer's record of 105 degrees in Monroe Friday, but predictions for Saturday and Sunday pointed to possible cloudiness and "widely scattered afternoon thundershowers," with a dip in temperature.

The official forecast, however, favored the southeastern part of the state for the thunderstorms and "gentle to moderate" winds.

## Munitions And Fireworks Go Up In Flames

Blast Rocks Area Within 15 Miles; Citizens Panicky

CHESTERTOWN, Maryland, July 16 (UP)—A thunderous series of explosions demolished a fireworks and munitions plant here Friday, killing 10 persons and injuring 50 with "atomic-like" fury.

Panic seized the townspeople as a giant mushroom - shaped cloud boiled up over this quiet little community, home of Washington College where President Eisenhower recently received an honorary degree.

More than 1,000 of the 3,200 inhabitants, many believing they were under enemy air attack, fled from their homes, jamming streets and bridges leading out of town.

Authorities late Friday said the death toll stood at 10. At emergency disaster headquarters Friday night, 228 employees of the Kent Manufacturing Co. had reported in safe.

**French Armored Units Spearhead Drive At Hanoi**

HANOI, Indochina, July 16 (AP)—French Union mobile infantry units spearheaded by tanks drove Vietnamese troops from entrenchments west and northeast of Hanoi today in the biggest offensive in weeks against Communist-led forces in the Red River Delta.

Ten thousand French and Vietnamese troops backed by artillery and American supplied weapons, smashed Viet-minh positions near Lam Nam, 34 miles northeast of Hanoi, and Son Tay, 20 miles west of Hanoi. A French plane, after strafing the fighting, raced off with both sides scattering appreciable losses.

French forces found a cluster of rebels dug in along a river bank six miles west of Son Tay. Supporting infantry units from nearby Phu Lang Thang, 10 miles to the west, rolled across country to join a Lam Nam force which opened the battle yesterday.

Viet-minh pressure has been building up against French outposts in the area around the Nam and Phu Lang Thang. For the past 10 days Viet-minh forces have rushed a mobile unit to encircle an 80-man garrison near Camp Derailin, located between the two centers. The camp had nearly 100 (Continued on Second Page)

## Executive Head Of Police Jury Assn. Hits Veto

BATON ROUGE, July 16 (U) — Executive Secretary W. A. Breedlove of the Louisiana Police Jury Association complained today Gov. Robert Kennon "let us down" in vetoing an election expense bill.

"About the important bill affecting police juries," he wrote jurors, "was House bill 746, which would have paid for increased costs of elections because of voting machines."

"It passed both houses with little opposition, only to be vetoed by Gov. Kennon."

"The sad part of this story," Breedlove continued, "is the fact that millions of dollars were appropriated to pay off antiquated claims against the state, build fishponds and conduct carnivals."

"Yet, when it came to a matter of assuming the just and honorable responsibility to parishes, the Governor let us down."

A copy of his letter was made public by members of the East Baton Rouge Parish Council.

The governor is out of the state.

Under the election bill, the state would have paid \$443,453 in 1954-55 and another \$448,290 the following fiscal year for extra election expense in handling voting machines.

The legislation also would have required the state to pay expenses of local balloting when held at the same time as primary and general state elections.

While Breedlove did not identify the "antiquated claims against the state," the governor signed a controversial measure granting \$897,465 to the Jefferson Lake Sulphur Co. to pay a judgment held against the state many years.

Also turned down was \$165,000 in extra funds for the children's bureau to help combat juvenile delinquency.

The committee trimmed the military construction request from \$1.1 billion to \$571.6 million with the Air Force absorbing \$461,917,000 of the reduction. It said the Defense Department should use funds provided earlier but not yet spent.

## In Union Parish

## Cotton Growers Prepare Defense Against Insects

FARMERVILLE, July 16 (Special)—Union Parish farmers this week were preparing their defenses against any insect invasions which might cut down on cotton yields there.

As a measure in girding for the preservation of a crop which brings in well over a million dollars a year to the parish's small farm operators, a cotton insect control demonstration was staged on the farm of J. Carl Nash.

In the demonstration which was held Tuesday under the direction of Kirby L. Cockerham, state extension service entomologist from Baton Rouge, growers were shown where to look for boll worm eggs and larvae.

In another phase of instruction, a group of farmers were taken on a tour of a cotton field to witness a demonstration in making weevil and worm counts.

By keeping careful checks on their crops, the growers were told, they will know when to dust or spray to halt a threatening buildup of insects.

County agent, S. D. Reech pointed out that although Union is a highly diversified agricultural parish, and cotton production is relatively small "it continues to bring in well over a million dollars per year."

He added that, "The crop is produced by small farmers, and therefore will continue to remain a highly significant farm enterprise."

and the timing of work in various wards in spending the money.

It was agreed fairly early to blacktop one mile of road in each of the ten wards. It was said that it would cost around \$3,000 per mile.

After a wrangle over the order in which the work would be done in the ten wards it was agreed that ward five's one mile of blacktop would be poured first. And then one, two, ten, three, four, six, seven, eight and nine, in that order.

In other action, the jurors: 1. Voted 7 to 5 to further consider a road trade proposal with the state. Under discussion for several months, the plan would, if effected, result in a switch of jurisdiction over various roads in the parish.

2. Tabled a petition calling for the closure of a road along Bayou DeSiard.

3. Received bids for office furniture for the sheriff's office. The bids were held over for a committee study today at 10:30 a.m.

4. Juror Bayles read a letter from the chairman of the Ouchita parish game and fish commission who asked the jury to repair a leak in the east gate of Cheniere dam. The repair cost was estimated at "between \$18 and \$25."

## Barham Involved In Fistcuffs Over Prison Dispute

RUSTON, July 16 (Special)—Lt. Gov. C. E. (Cap) Barham and a Ruston abstract company operator staged a brief flurry of words and fists here this morning, and witnesses reported that Barham landed the only blow.

An unidentified Ruston man said the argument began when Barham and L. C. Ledbetter began discussing the recently-killed proposal to establish a penal colony in Lincoln parish.

"Words kept getting hotter, and they both probably said things they later regretted," said the witness. "Then, suddenly Barham struck out at Ledbetter. . . the only actual blow of the argument."

## Detective Dies, Bandit Wounded In Okla. Battle

OKLAHOMA CITY, July 16—UP—One detective was killed and a bandit wounded in a wild shooting Friday night that capped an attempted grocery holdup here.

Detective Ben F. Cravatt was killed in the gunfight. One of at least three bandits, identified as John Thomas, 24, of Wichita, Kan., was wounded and another may have been shot.

Officers said possibly four men were involved in the attempted robbery. The robbers had kidnaped Amos Truman, 53, assistant manager of Jones supermarket as he closed the store at 8:30 p.m.

## William G. Smiley, Retired E. Carroll Farmer, Succumbs

LAKE PROVIDENCE, July 16 (Special)—William G. Smiley, 88-year-old retired East Carroll parish farmer, died at 5 p.m. Friday in the Riley Home in Winnsboro after an illness of several months duration.

Born in Shelbyville, Tenn., he moved to East Carroll parish in 1946 to make his home with a daughter, Mrs. W. F. Bonner.

Funeral services will be held at 9:30 a.m. Saturday at the Lake Providence First Methodist church with interment at the Moro, Ark., cemetery, under the direction of Catron-Gay funeral home of Lake Providence.

He is survived by a son, E. G. Smiley, Moro, Ark., and the daughter, Mrs. Bonner. He also leaves eight grandchildren and 12 great grandchildren.

night, Barham insisted that nothing happened. Asked about the blow that was reportedly struck, he said "absolutely not. . . we just had a little difference, and we have both straightened it out since."

Pressed for information, Barham said he did not believe the item "should be printed by a newspaper."

You'll get no statement from me," said Barham.

Meanwhile, the eyewitness said the two men had been friends for "a long time," and that they "probably still are."

The dog was lost a month ago in Oklahoma while the Eatons were motoring to Findley Lake, N. Y. It's a mystery how Trixie got back, but the dog turned up at a service station operated here by other members of the Eaton family. (AP Wirephoto)

## Conference Group Votes Approval For Baby-Sitter Deducts

WASHINGTON, July 16 —UP—A House - Senate Conference committee agreed Friday to give a \$130 million-a-year tax break to parents who must hire babysitters to watch their children while they work.

The group accepted the more liberal Senate version of the proposal and drove toward a compromise agreement on President Eisenhower's \$1.3 billion tax reform program.

Still to be settled is the thorny question of dividend tax relief for corporation stockholders. The Senate voted to kill the heart of the House-approved relief plan.

Students believe that Rome's gladiators derived from the Etruscans.

American mink ranchers marketed 2 1/2 million mink pelts in 1953 compared to 1,200,000 in 1946.

## M'Carthy Cancels Plans To Seek Out Boston Reds

WASHINGTON, July 16—UP—Senate Republican Leader William F. Knowland forced Sen. Joseph R. McCarthy Friday to cancel hearings in Boston Saturday on alleged defense plant Communists.

## Lie Detectors May Be Used In Thorne Inquiry

CHICAGO, July 16—UP—Pretty Suzanne Rooks, 23, last known person to see Montgomery Ward Thorne alive, offered Friday to take a lie detector test in the baffling case of other principals, including Thorne's socialite mother, do the same.

Her offer was made through her father, attorney Irvin Rooks, who issued a bitter blast against lawyers representing Thorne's mother, wealthy Mrs. Marion Thorne. Thorne, 20-year-old heir to a \$1.3 million mail order fortune, was found dead in his one-room studio apartment June 19. His strange death first was attributed to narcotics and alcohol.

But a team of consulting pathologists overruled the finding and now is conducting new tests in an effort to fix the cause of death. The coroner's office said Friday it has received no report yet from the pathologists and none is expected for two weeks.

Rooks' blast followed a request of coroner Walter E. McCarron that the police seek agreements from major witnesses in the case to submit to lie tests.

the rest of this session of Congress.

He made the announcement as McCarthy's old antagonist, Sen. Ralph E. Flanders (R-Vt.), was taking steps on his own to block the Boston hearings.

Committee chairman are required to get unanimous approval before they can hold out-of-town meetings while the Senate is in session. Knowland has scheduled a Saturday session to speed the adjournment drive.

Francis P. Carr, staff director of McCarthy's investigating subcommittee, told reporters the Boston hearings will be transferred to the capital next Monday.

Tuesday is the day the subcommittee is scheduled to resume its wrangle over a move to fire some of its staff members.

It also is the day Flanders plans to seek Senate action on his resolution to strip McCarthy of his investigating committee chairmanship.

Flanders gained the Senate floor Friday and started to announce that he would object to granting McCarthy permission to hold the Boston hearings.

Before he could make his point, Knowland interrupted to say that he also would object. The GOP leader added he had called McCarthy and asked him to cancel the hearings. He said McCarthy assured him he would not seek permission for out-of-town sessions.

## Greek Beauty Gets Permission To Enter U. S.

WASHINGTON, July 16—UP—Beauteous Rika Dialina — "Miss Greece of 1954" — is going to have her chance at the Miss Universe title this year after all.

Atty. Gen. Brownell announced today that at the request of Secretary of State Dulles he is exercising special powers granted him under the McCarran Act to give 22-year-old Rika a temporary entry permit to this country.

Good for two months, the permit will enable Miss Dialina to compete in the 1954 Miss Universe beauty contest at Long Beach, Calif., July 25.

The American Embassy at Athens had held up her application for a visa to come to the United States. There were reports she was being investigated because she once drew an illustration for a book written by a Communist. The McCarran Immigration Act forbids the issuance of visas to persons who assist in producing Communist literature.

Miss Dialina insists she is neither a Communist nor a fellow traveler. A Greek newspaper which sponsored the beauty contest in that country said she had an excellent record as a nationalist and no Communist background.

## OFFICIALLY DEAD

WASHINGTON, July 16—UP—The Marine Corps today officially declared dead five men previously listed as missing in Korea.

They included: Sgt. James V. Harrell, son of Mr. and Mrs. Charles T. Harrell, 2546 Malcolm St., Shreveport, La.

**REPLACEMENT**—The 27-year-old mother of four children was sheared to the scalp by her husband over what Mrs. June Sweigart described as a "matter of personal business." Mrs. Sweigart inspects a short blond wig that will cover the bristling remains of her once long, blond tresses.

## 3-Year-Old Tot Can Eat Solids For First Time

MILWAUKEE, July 16—UP—A three-year-old boy who has lived on liquids from babyhood will be sinking his teeth in solid food—as soon as he learns how—because of successful surgery at Milwaukee Children's Hospital.

Little Edward Franklin, son of Mr. and Mrs. Henry Franklin, was 16 months old when he swallowed a can of lye back in December, 1952, at New Orleans, where the family then lived.

Scar tissue grew rapidly in his throat, and after the family moved here more than a year ago, the boy had to be brought to the hospital every week or 10 days to have his throat dilated. Even so, he was able to take only a little liquid, and that with increasing difficulty.

But Children's Hospital said today that a staff surgeon finally had decided to operate, using a technique developed for adults suffering from cancer of the throat. According to the hospital, the surgeon removed the damaged section of esophagus and attached the little boy's stomach close to his throat. Edward, whom his doctor calls "a terrific patient," will be going home soon — to three square meals a day.

Broussard of Monterey; three daughters, Miss Louise Broussard, Mrs. Elaine Gullledge, Monterey, and Mrs. Shirley Carter, Monroe; two brothers, Charlie Broussard and Albert Smith, Monterey; one sister, Mrs. Hazel Phillips, Monterey; his mother, Mrs. Edna Smith, Monterey and a number of grandchildren.

### BOBBY HUSTON MUSE

TALLULAH, July 16 (Special) Funeral services for Bobby Huston Muse, 17, were held Friday at Temple, La., following his accidental death by drowning early Thursday morning on the Tensas River.

Muse and two cousins, Hugh and Marvin Bushy, of Madison Parish, were on a fishing trip but all three decided to take a swim about 6:30 Thursday morning. The boys' efforts to save Muse, after it became evident that he was drowning, were futile.

His body was recovered about 30 minutes later by W. E. Alexander and his son who were camping nearby to the accident. Artificial respiration was administered but to no avail.

### MRS. BESSIE HUTCHINSON

Funeral services for Mrs. Bessie Owens Hutchinson, 86, who died in a Monroe hospital Thursday, will be held at Mulhearn Funeral Home Chapel today at 10 a.m. Burial will be in Halsey Cemetery.

Mrs. Hutchinson was a member of the First Methodist Church of Monroe, organized the first mothers' club in Monroe, was a charter member and first president of the auxiliary of L. B. Faulk post of the American Legion, and was a charter member of the Fort Miro chapter of the DAR.

Surviving are two daughters, Mrs. Nellie Coats of Beaumont and Mrs. Elizabeth Turner of Monroe; one son, Walter Owens, living in Florida; two grandsons, Louis Craig of Monroe and Layton Coats of Kountz, Tex.; and three sisters, Mrs. J. C. Drow, Mrs. A. Russell of El Paso, Tex., and Mrs. Sam Wildig of Los Angeles, Calif.

### LANDSLIDE VICTIMS BURIED

MEDELLIN, Colombia, July 16—UP—Funeral services were held Wednesday for identified victims of Monday's landslides, while troops, police and firemen searched for additional bodies in the earth and rocks that swept an estimated 185 persons to their death. Six persons were killed Tuesday in another landslide at Corinto, in the Andes Mountains 100 miles from Medellin. Recent heavy rains in the Colombian Andes are blamed for all of this week's slides.

## U. S. Education Official Set For Appearance Here

Dr. Kenneth E. Brown, of the United States Office of Education, will be principal consultant at a conference on the teaching of mathematics, which is being sponsored by Northeast State.

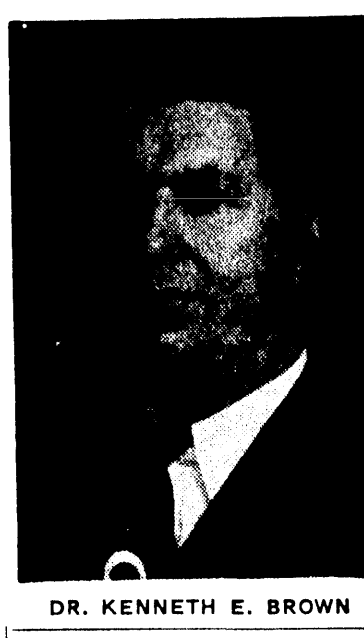

The summer school feature is scheduled July 21-23 from 9 to 11 a.m., announced Dean William M. Smith, director of teacher education.

In conjunction with this conference a credit short course will be held from July 19 to July 24. Meetings will be held daily from 1 to 4 p.m. except on Saturday, July 24 when the session is listed from 9 to 12 a.m. All meetings are to be in Brown Auditorium. All school personnel of Louisiana are invited to both sessions, Smith said.

One semester hour of credit will be given for the short course. The \$5 fee may be paid at the first conference meeting.

Before going to the U. S. Office of Education, Dr. Brown was on the mathematics faculty at the University of Tennessee, where he was a consultant to teachers of the public schools. He has had teaching experience ranging from elementary to college level.

Colleges included in his wide experience are New Jersey State Teachers College, East Carolina State College, Wagner College, Colorado College of Education, University of Oklahoma, University of California, Los Angeles, and the

DR. KENNETH E. BROWN

University of Tennessee.

Dr. Brown, a native of Oklahoma, received the bachelor's degree in that state, the M. A. degree from Colorado College of Education, and the Ph. D. from Columbia University.

His interest in mathematics education is indicated by the book, "General Mathematics in American Colleges," and such articles which he has authored: "What Is General Mathematics?" "Is Mathematics on Its Way Out?" "Why Teach Geometry?" and "The Content of a Course in General Mathematics."

Dr. Brown is a member of the Mathematics Association of America and the National Council of Teachers of Mathematics.

## Smith Returns To Geneva In Effort To Bolster Unity

WASHINGTON, July 16—UP—Undersecretary of State Walter Bedell Smith flew back to Geneva Friday with orders to bolster Western unity but to boycott any Indo-China peace that smacks of "appeasement" of communism.

Even as he departed, dispatches from Geneva said prospects had dimmed for an end to the Indo-China war by Monday because of Russia's unbending stand on terms far short of the West's hope for "peace with honor."

This seemed certain to give new impetus to the United States' effort to get its allies to agree to an immediate stopgap Southeast Asian defense in case the conference fails to produce an armistice.

Authoritative sources said this plan calls for a series of emergency collective measures, including a warning to the Reds to keep

hands off certain areas or risk retaliation, until the proposed Southeast Asia alliance can be set up. The Senate Foreign Relations committee, reporting on its \$3.1 billion foreign aid bill Friday, strongly urged that steps toward "collective security" in Southeast Asia be pushed whether an Indo-China truce is signed or not.

Secretary of State John Foster Dulles, who agreed to send Smith to Geneva after being assured France will not accept a "peace-at-any-price" armistice, saw his deputy off at the airport.

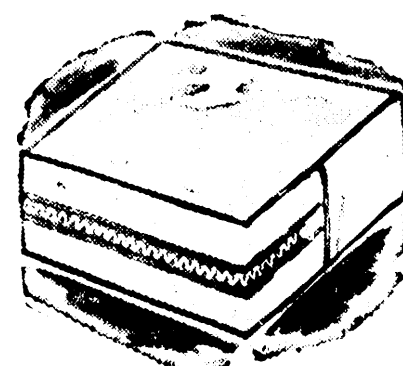

Smith made no statement before departing, except to say "bless your hearts" to photographers. As he said goodbye to Dulles, newsmen heard him tell the secretary, "Foster, keep a stiff upper lip."

## Day Camp Doins

It so happened that Thursday was the day each unit at the Girl Scout Day Camp chose for a cook-out. Growing girls like to eat, and all of us know how good food tastes in the out of doors, so it is no wonder that cooking is a popular activity.

Girl Scouts have a system all their own for organizing a cookout, with kaper charts and job descriptions. Usually, the kapers are cook, firebuilder, packer, and clean up, with each patrol being allotted one of the duties. For some of the girls this was their first experience soaping the outside of a pot so that the black will wash off easily, learning that the first requirement for a fire is a bucket of water, or enjoying campfire stew.

The Ramblers, most of whom have had experience, did their cooking in aluminum foil. Each made a package of a hamburger patty, slices of onion, carrots, and potatoes, and placed it on a grill over hot coals, allowing the food to cook slowly in the steam created within the foil, a miniature pressure cooker, in fact. The girls of this unit have also started lashing a table for their outdoor kitchen.

The Brownies, or Woodchucks, made two fires and cooked campfire stew in two pots for two reasons, first because the unit is large, and also because one more girl had the fun of stirring the stew. The girls even managed their first onion peeling without tears.

The Gypsies had two keetles on the fire, literally, for the meat and spaghetti dish they created. All of the units had green salad with their meat and quantities of their favorite drink cool aid.

The Brownies went on a hike, bringing back leaves to make spatter prints after lunch. Each knows a sweet gum tree, at least, because the star-shaped leaves make such pretty prints.

The Gypsies brought back a sash, long to use for the "What is it game?" on the bulletin board. There are not many sashes near camp, but Susie Quillen, Judy Lee, Sharon Hays, and several others recognized the mitten leaves.

With program aides Betty Hemphill and Yvonne Hooker to lead them, the campers have learned a number of lively songs. Singing campers are happy campers, we say. In that case, Pine Wood is a happy camp.

Gathering together in the shade of an oak, the campers sing together and play games, before going home, have campfire without a fire. From the campfire circle the girls quietly form a circle around the flag pole and ceremoniously lower the flag. Yesterday the color bearers and guards were Brownies, who were very proud to wear the red sashes and who proved that they could fold the flag as well as the older girls.

To wash jeweled or very sheer notions, try this. Shake them in a basin or jar half filled with warm soapsuds. Then, rinse the same way. Rinse in a towel; hang over a smooth rod or lay flat on a towel. Be sure to dry away from sun or heat.

## Pilot Club Meets In Boston

Whitford Harriett Newman of Charleston, West Virginia, was installed as president of Pilot International at the annual banquet held today in the Sheraton Plaza Hotel in Boston, Massachusetts.

Miss Newman had charge of the Governors' Council, and will preside July 18 at a meeting of the International Board of Directors.

As President of Pilot International, a women's classified service club of nearly 10,000 executive women in eight countries, Miss Newman brings to the organization a wealth of experience in community, church, and civic service. Named Charleston's woman of the year in 1951, Miss Newman holds the position of Assistant Superintendent of Kanawha County West Virginia, Schools in charge of the education of over 27,000 elementary students in the consolidated elementary white schools.

She is a member of the American Association of School Superintendents, a life member of the National Education Association, and the National Department of Elementary Principals Association, and currently she is serving as State Coordinator to the Southern States Work Conference.

A member of Kappa Delta Pi educational fraternity, Alpha Sigma Tau and Alpha Psi Omega honorary educational and social societies, and in "Who's Who in American Education," Miss Newman is founder and a member of the executive committee of the Delta Kappa Gamma Society in West Virginia, an honorary organization for women teachers. She has contributed numerous articles to various educational periodicals and magazines.

Miss Newman's outstanding work in education for the sale of war bonds won for her the United States Treasury citation and silver service award.

A member of Christ Church Methodist, Miss Newman has been Assistant Superintendent of the Church School, a member of the Board of Religious Education, President of Wesleyan Service Guild, and is a Sunday School teacher.

In Pilot, Miss Newman has served as director, vice president, and president of the Charleston Club, governor of District 10—comprising Kentucky, Ohio and West Virginia. On the international level, she has been International Chairwoman of Education, co-chairman of public affairs, director, and vice president.

The theme chosen for her administration is "Vision-Action-Reality." Of this she states: "Vision in the picture to action and action is essential to reality. I like us to act on what we believe, we are as sound as brass."

She warns against any club or individual becoming vain from honors received because, "Like mountain climbers, each club is roped together in a common cause, the welfare and happiness of the people we serve. Unless we all get together, none of us will get there."

She will be the presiding officer at the 1955 International Convention to be held in Los Angeles, California.

Local Pilots attending convention are, Lillie Mae Carroll, Anna Mae Breese, Emma Lou Perkins, Ellen Thompson, and Ida Rose Strohm.

# Indians Punch A's, 9-3, To Retain Half Game Lead

## Dave Philley Tops Tribe Attack With Homer, 2 Singles

PHILADELPHIA, July 16 (AP)—The Cleveland Indians pounded out 18 hits, nine of them for extra bases, to whip the hapless, helpless Philadelphia Athletics 9-3 tonight and hold their half game margin over the second place New York Yankees.

Cleveland needed the win to stay in front of the Yankees, who beat Baltimore 3-2 in a day game. Almost every player in the Indians lineup got into the hitting act. Dave Philley, a former Philadelphia outfielder, had a homer, his 11th of the year, and a pair of singles—one of team accounting for a run batted in. Al Smith had four hits, good for two runs batted in and scored another, while Sam Dent contributed a trio of hits and three runs batted across.

Mike Garcia went the first seven innings for Cleveland and got his 12th win. He's lost five.

## O'Shea Up Front In Jaycee Golf At Lake Providence

LAKE PROVIDENCE, La., July 16 (Special)—Johnny O'Shea, 16-year-old Tallulah youth, set the pace through the first round of the Lake Providence district Jaycee Junior Golf Tournament here today and holds a two-stroke edge on his nearest rival going into Saturday's final 18-hole tour over the American Legion golf course.

Crowding O'Shea is Fred Schneider, 17-year-old Lake Providence golfer. "Bubber" Minsky, Lake Providence, and Phil Montgomery, Tallulah, are running third and fourth respectively with Baxter Deal, Lake Providence, only one stroke out of fourth.

The top four in the tournament automatically qualify for the Louisiana championship Jaycee Junior tournament opening Wednesday over the Hayou DeSard Country Club course at Monroe.

O'Shea, with a 42 going out, came in with a fine 39 for an 81 first round score. Schneider had the best card on the out nine with 40 but posted a 43 coming in for 83.

Minsky's first round card was 45-44-89. Montgomery had 43-49-92, and Deal showed 49-44-93.

Play in the final Saturday afternoon begins at 1:30 o'clock.

## Haas Grabs Two-Stroke Margin In Manakiki Golf

By FRITZ HOWELL

CLEVELAND, July 16 (AP)—Fred Haas, tall and talented club-swinging from New Orleans, zoomed through his second straight sub-par round today to take the half-way lead in the \$25,000 Manakiki Golf Tournament with 67-69—136.

The former intercollegiate champion, now a club designer, had his second straight 67 over this 6,651-yard par 72 layout locked up until the last two holes where his favorite club—his putter—failed him.

He bogied the 17th when he missed the green with his second and failed to get down a seven-footer. On the 18th his second batted into the crowd but rebounded from a spectator's knee to the edge of the green. His chip did to within three feet, but was short on the putt for his second straight bogie.

Haas' 136 gave him a two-stroke edge over Al Bessellink of Grossinger, N. Y., Chick Harber of Detroit, Tommy Bolt of Houston, George Fazio of Pine Valley, N. J., Jack Burke of Klamath Lake, N.Y., and Jerry Barber of Lacandade, Calif.

The leaders:  
Fred Haas, New Orleans, 67-69—136.  
Jack Burke, Jr., Klamath Lake, N.Y., 69-69—138.

Al Bessellink, Grossinger, N.Y., 69-69—138.  
Chick Harber, Detroit, Mich., 69-69—138.

Jerry Barber, La Canada, Calif., 70-68—138.  
Tommy Bolt, Houston, Tex., 70-68—138.

George Fazio, Pine Valley, N.J., 72-66—138.  
Walter Burkemo, Franklin, Mich., 73-65—139.

Harold Williams, Tuscaloosa, Ala., 68-72—140.  
Dutch Harrison, St. Louis, 70-70—140.

Bob Inman, Tulsa, Okla., 70-70—140.

## Bartzen Springs Upset On Seixas In Chicago Event

CHICAGO, July 16 (AP)—Fourth-seeded Bernard Bartzen of San Angelo, Tex., today upset defending champion Vic Seixas, Philadelphia, 7-5, 6-4, 6-2, in the semi-finals of the National Clay Courts Tennis Tournament.

Bartzen Sunday will meet the winner of tomorrow's other semi-final match between top-seeded Tony Trabert, Cincinnati, and third-seeded Art Larsen of San Leandro, Calif.

The Sunday finale in the women's division will send Doris Hart of Coral Gables, Fla., No. 2, against the winner of tomorrow's semi-final between top-ranked Maureen Connolly of San Diego and Karol Fawcett of Miami, Fla.

Miss Hart today trimmed L. L. Felix of Meriden, Conn., 6-3, 7-5. Miss Felix, 27-year-old recent winner of the Tri-State and Western titles, had no match for this.

They had no match for Miss Hart, who had won much power on serves and forehand shots.

The No. 1 women's doubles team of Connolly and Hart breezed into tomorrow's finals with a 6-1, 6-1 victory over Lucille Davidson of Lees Summit, Mo., and Doris Pople of Des Moines.

They will meet second-seeded Ethel Norton, San Antonio, and Althea Gibson, New York. The Norton-Gibson duo took a straight set semi-final decision over Sara Mae Turber, Evansville, Ind., and Fageros, 6-1, 6-1.

## Andrews Meets Zimmerman For Publinks Crown

DALLAS, July 16 (AP)—Stout Gene Andrews, the California deadshot, and Jack Zimmerman, the silent, methodical man from Dayton, O., moved into the finals of the National Public Links Tournament today with smashing victories achieved through brilliant golf.

Andrews, the genial insurance salesman from Pacific Palisades, Calif., stalked through the 108-degree heat with sub-par shooting, doing a 3-under par 68 on the morning 18 holes and one under par on the 14 played in the afternoon to overwhelm John Evans, the baker man from St. Louis, 6 and 4.

Zimmerman felled a tournament favorite in today's semi-finals as he clubbed giant Bill Scarborough, the Jacksonville, Fla., naval petty officer, out with a birdie barrage 5 and 4. The Dayton hotshot went even par as he built a 3-up lead through the first 18 and then held on without trouble in the second.

It was the second hottest day of the tournament which started with 110 degrees and which during the week has sent four players to the sidelines because of the terrific heat.

Andrews and Zimmerman, who was a surprise winner—Scarborough had gone through 81 holes 3-under par until today—will clash at 9:30 a.m. (CST) tomorrow for the championship. They play 18 holes in the morning and 18 more in the afternoon starting at 2 o'clock.

Seiwel Draws Fine, Suspension

ORLANDO, Fla., July 16 (AP)—Lakeland manager Rip Seiwel was fined \$50 today and suspended indefinitely by John Krider, Florida State League president who turned the case over to president George Trautman of the National Baseball Association.

It was one of the most stringent punishments in the history of the 15-year-old class D league.

Krider also fined outfielder Loss Witherspoon \$50. Third baseman Rene Friol and pitcher Dick Donnelly \$25 each.

The action culminated an investigation into Lakeland's forfeit loss to Orlando Wednesday night when umpires John Maloney and Arthur Batts called the game in the last of the eighth as the players swarmed off the field to argue when Bob Wilson was ruled safe on a third-base steal.

## Miss Chadwick Will Test Juan De Fuca Strait

VICTORIA, B. C., July 16 (AP)—Channel swimmer Florence Chadwick today fixed Monday, Aug. 9 as the day she will attempt to swim the Strait of Juan De Fuca, 18 1/2 miles of frigid water between the British Columbia capital and Port Angeles, Wash.

Weather permitting, the famed conqueror of the English channel and other long stretches of water will begin her swim at 8 a.m. (CST).

Miss Chadwick has a treacherous strait which no one has conquered between her and the full \$10,000 offered by her sponsors if she is successful. She will receive \$7,500 for making the attempt, and an additional \$2,500 if she wades ashore at Port Angeles.

Aug. 9 was selected as the most favorable date from the aspect of tidal conditions. If weather should prevent the attempt, the next most favorable day would be Aug. 12. Tides also govern the early start.

## Sullivan Limits Tigers To 3 Hits As Red Sox Win

BOSTON, July 16 (AP)—Rookie Frank Sullivan of the Boston Red Sox held Detroit to three singles today as the 6-7 Californian beat the Tigers, 3-0, for his second consecutive major league shutout. He allowed only one runner to reach second base.

Sullivan's home run with two out in the ninth gave the New York Yankees their 11th straight victory, a 3-2 decision over Baltimore today.

The Yankees' winning streak is the longest in the majors this season. Noren's seventh homer was his fourth hit of the afternoon, boosting his league-leading average to .360.

Baltimore got to Whitey Ford for two runs in the first and the Yankees bounced back with two off Coleman in their half. Four Yankee double plays helped Ford.
